

Year 7 Admissions (2027-2028)

*From Classroom to Cosmos
Nurturing Future Pioneers of*

Aerospace & STEAM

At ELCHK Lutheran Academy, we cultivate future leaders with expansive global visions, empowering them to reach their fullest potential as well-rounded and accomplished learners.

We proudly offer Hong Kong's first-ever aerospace curriculum, engaging students in hands-on experiences that include making satellites and rockets, as well as designing and creating a space city model. Alongside this innovative program, our school provides the IB MYP and dual exits through the IB DP and HKDSE (with iAL), offering students diverse pathways to success.

Global Classroom & International Connectedness
